

Can you tell what time the next bus leaves?

Do you know whether it's the 27 or the 28?

Could I ask where you went on vacation?

Would you mind explaining why you did it?

Do you remember when we last took a trip?

Do you have any idea what the man said?

I want to know where you went on vacation.

I need to find out why you did it.

I don't know when we last took a trip.

I'd like to ask what the man said.

I'd like to know how long it takes.
